

Title: Desert Nature

I see a baby cactus,  
soft shrubs, a green prickly  
pear cactus, tear shaped  
cactus, green tree, gray dove.

I feel smooth spines, rough wood,  
gold silky flowers. I hear birds  
chirp chirp, bees buzzzz, leaves  
swish swish, wind woosh. I smell  
rain, strong poppies, sugary  
sweet flowers, salty bush,  
dusty earth.
